

BIGRAMA	FUNÇÃO
BE	Lighting Network
BS	28 V Emergency Network
BB	Main batteries of accumulators and related installations
BC	DC power supply
BF	115V/60 Hz Network
BK	115V/400 Hz Network
BT	220V 60 Hz Network
BZ	Ground connection of decoupled structures
BD	Diesels generators sets
BM	DG Sea-water cooling circuits
BQ	DG exhaust gas
BX	DG Auxiliary fluids circuits
ME	Electrical Motor installation and related circuits
MB	Shaft line installation
DB	Main Ballast Tanks, Draining and Filling
DV	Normal HP air Blowing
DW	Emergency HP air Blowing
DG	Weighting and Stability
DM	Weight Management System
DJ	Trim Management System
DP	Steering gear - Steering of the Submarine
DU	Emergency shut-off of sea-water systems
DT	Production, storage and distribution of internal HP hydraulic fluid
DS	Production, Storage and Distribution of external HP Hydraulic fluid
DY	HP air production, Storage and Distribution System
EQ	Submarine Salvage and crew rescue systems
EZ	Breathing air
EF	Fire Detection and fire control
EM	Aft sea water cooling circuit
EN	Forward sea water cooling circuit
ES	Aft fresh water cooling circuit
EV	Forward fresh water cooling circuit
EW	Sea water filling of capacities and hygiene

ER	Centralized greasing installations
EL	Lubricating oil installations
EG	Diesel oil Service
BH	Fresh air supply, snorting mast
DA	Bilge draining system
EX	Mooring - Hauling - Towing - Boats - Masts
FL	Accommodations
FA	Washing facilities and Hygiene
EJ	Freshwater installation
FG	Galley / Bakery
FV	Provision refrigeration and storage plant
FH	Ventilation system
FC	Air conditionning system
FR	Air regeneration and atmosphere control
FP	Garbage disposal unit
FQ	WC lock-out / sanitary room
GS	Attack periscope (PA)
GV	Search optronic mast (MOV)
RD	Navigation radar
RE	IFF
RC	Radar detection (RESM)
RA	Communication intelgence (CESM)
RM	Hoistable masts
UA	Underwater surveillance system
UW	Self Noise Monitoring System
UE	Underwater telephone and Emergency telephone
KO	Command and control system
HE	Signaling equipment : Flares, whistle - Searchlight
KL	Counter measure system
KT	Torpedo Launching Tubes and related installations
KD	Weapon Control System
KE	Weapon handling-system
KF	Combat equipment storage
HG	Sound-powered telephone network
HJ	Intercom system
HP	Public adress and voice pipe

HD	Entertainment network
HQ	Automatic telephones and domestic PC network
HK	Klaxons
HX	Monitoring Television network
OO	Integrated Platform Management System (IPMS)
GN	Navigation equipment and related installations
UN (UP)	Echosounder
UL	Multipurpose trunk
GF	Navigation lights
DN	Depth, trim and list monitoring Systems
RF	VLF - LF - HF buoyant wire antenna system
RH	HF, UHF and VLF communications
KX	Weapon embarkation equipment
FM	Maintenance Facilities
